CAREER OBJECTIVE

 As a dedicated web developer with a passion for creating seamless, user-centric applications, I have honed my skills in front-end and back-end technologies, ensuring that I build solutions that are both functional and visually appealing. My enthusiasm for problem-solving extends beyond web development, as I am also deeply engaged in algorithmic challenges on LeetCode.

PROJECTS

Home Protection Alert

- Developed a simple prototype of a home security system based on sensors.
- Tools used: Arduino Uno and Magnetic Sensors

Al blog tool

• Developed and designed a fully responsive personal blog platform to share articles on web development and algorithmic problem-solving.

HACKATHONS

• Participated in multiple inter-college hackathons.

HOBBIES

- Solving LeetCode problems
- Swimming
- Chess
- Volleyball
